

Caterpillar counting (1 to 20)

sequencing numbers

Children learn to count, read and sequence numbers to 20 in Kindergarten.

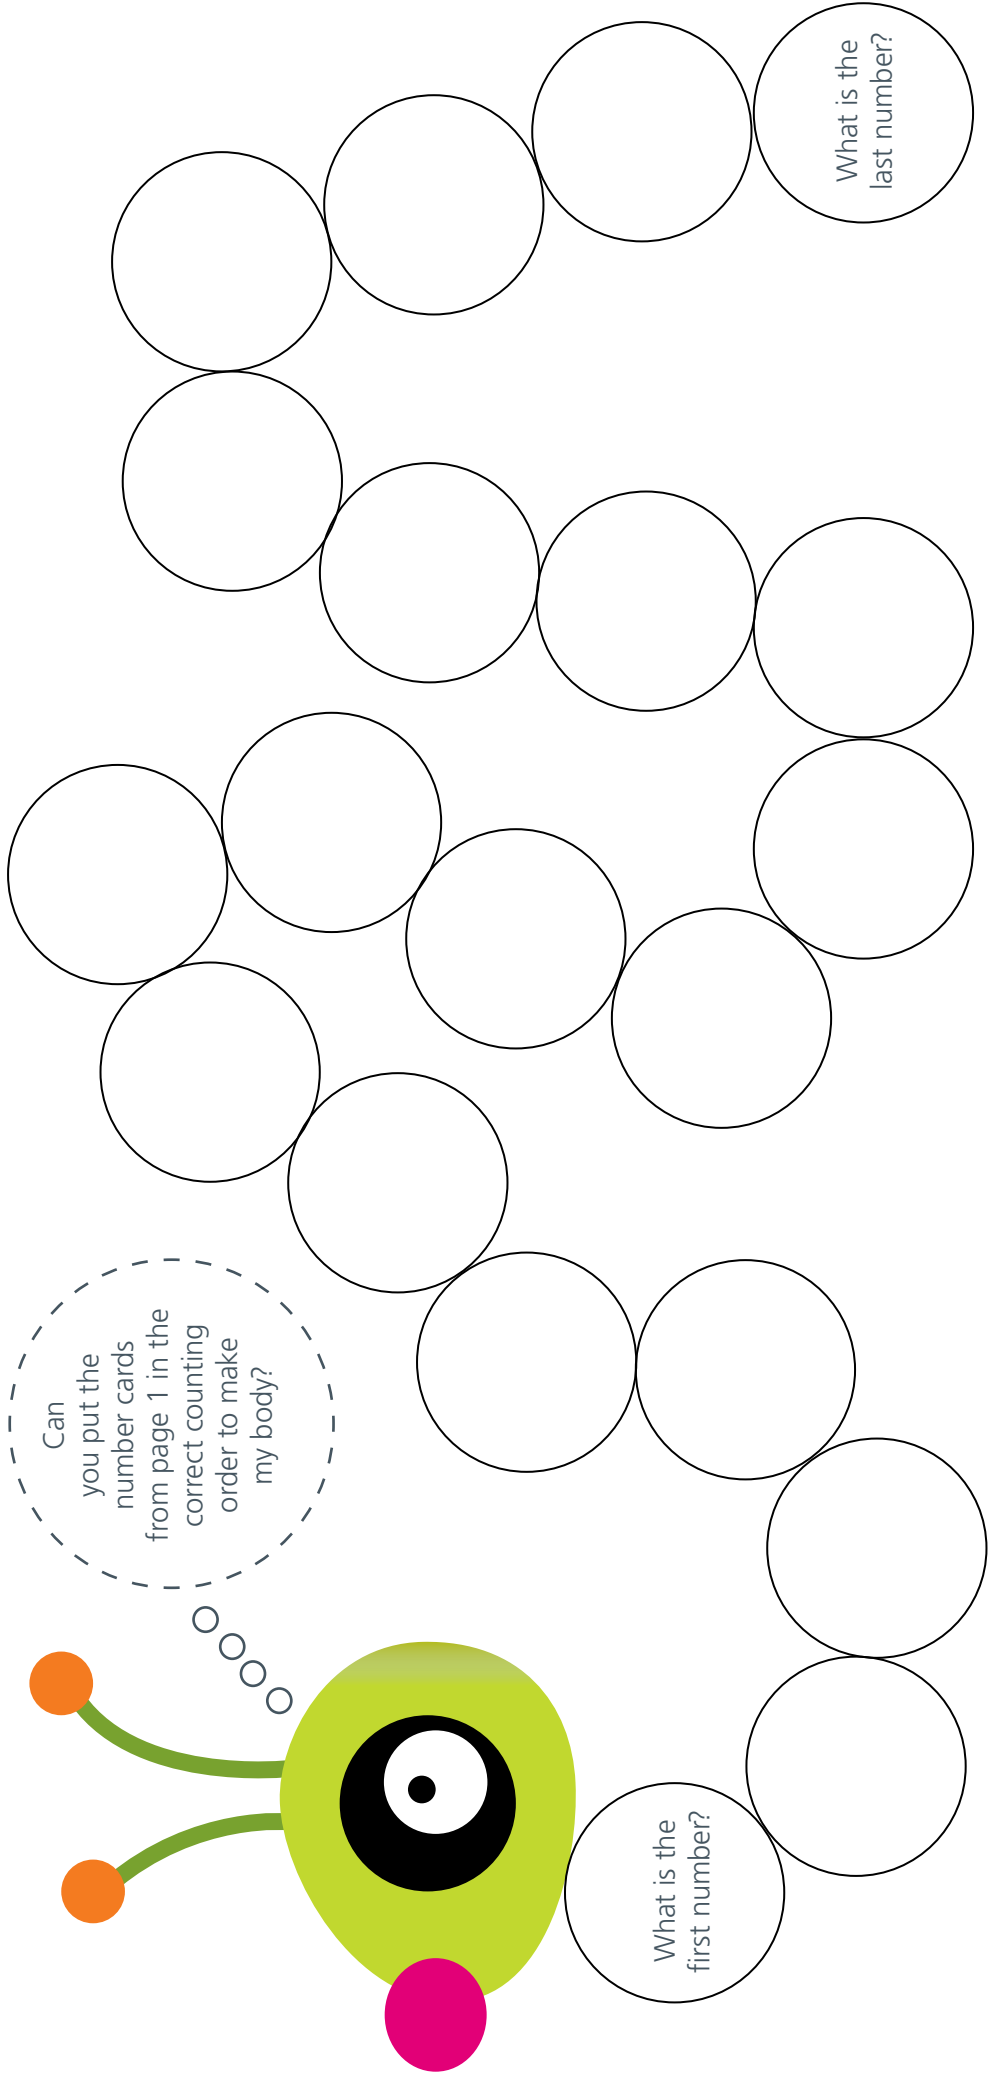

Parents: Cut out these number cards and help your child arrange them in counting order on the caterpillar body on page 2.

Caterpillar counting (1 to 20)

sequencing numbers

Can you put the number cards from page 1 in the correct counting order to make my body?

What is the first number?

What is the last number?
